HOMER

The sandwich that started it all. Hot turkey stacked with bacon, melted cheese and red onion with lettuce and tomato added at the last minute. Can also be made with ham (HAMMER) or roast beef (BEEMER) instead of turkey. Served on the toasted bagel of your choice.

PHILLY MIKE

Our pal Michael was longing for a Philly steak sandwich. This is what we came up with: A pile of roast beef, melted swiss and heap of red onions usually served on a toasted plain or salt bagel. Au jus lovers unite.

KING OF THE SEA

Tuna salad, tomatoes, melted cheddar cheese and red onions served hot on the toasted bagel of your choice.
